01. Add return form

Download the return form from the website or in your account. Add this to the package together with the invoice or delivery note.

02. Pack return items

Return the items in unused and undamaged condition. Pack each item in its original condition and undamaged packaging, if reasonably possible. Remove the old shipping label from the box. Make sure the package is securely closed.

03. Return the package

The costs for a return shipment are at your own expense. You can choose how you want to send the package back to us. Keep the proof of posting for the return shipment. Send your package to:
